ABOUT THE CONFERENCE

When: Monday 25th May

Where: Woburn House, London

Join us at the inaugural Dialogue Between Disciplines Conference

The Institution of Environmental Sciences (the IES) is at the forefront of uniting the interdisciplinary field of environmental science around a shared goal: to work with speed, vision, and expertise to solve the world's most pressing environmental challenges, together.

To bridge some of these gaps we are proud to present the inaugural Dialogue Between Disciplines Conference, a ground-breaking event dedicated to fostering collaboration and knowledge-sharing between event professionals from across specialisms and sectors.

The first conference will focus on facilitating discussion on the triple crisis of climate change, biodiversity loss and pollution, with the aim of championing solutions and practical action.

Set against the backdrop of these urgent global challenges, we would like to invite you to join us at this important event as a valued sponsor.
