VOCs in soil: Investigation to remediation

18th February 2019 13:30-16:30 | Heriot-Watt University, Edinburgh, EH14 4AS

Draft programme

With a new British Standard '*Taking soil samples for determination of volatile organic compounds (VOCs) — Specification (BS10176)*' scheduled for issue this year, this informal half day joint event organised by the British Society of Soil Science (BSSS) and the Institution of Environmental Sciences (IES) explores the wider topic of VOCs in soils.

13:30-13:40 Welcome

13:40-14:10 **Andy Condron**, ERS Ltd - *Investigation of sites with VOCs*

14:10-14:40 **Jenny Davies**, Concept Life Sciences - *Challenges and developments in VOC in soil analysis: lab perspective*

14:40-15:10 Coffee break

15:10-15:40 **Ivonne Hughes**, SEPA - *VOCs fate and behaviour removal challenges in the soil profile*

15:40-16:00 **JP Renaud**, ERS Ltd - *VOC in soils and groundwater – an overview of remedial approaches and challenges*

16:00 QA session

16:30 Close
